COLOR VARIATIONS

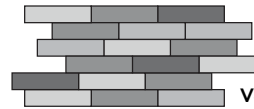

V1

V2

V3

V4

Shade variation is inherent in all wood visual products. Shade and texture can vary slightly or significantly from piece to piece within a color. V1 shade variation has little or no change from piece to piece, where a V4 will have a large variety of color and/or texture changes. Prior to any installation, a range of tiles should be approved by the customer on V3 and V4 colors. **Adesa features V2, V3 and V4 variations.** Images represent shade variation only. Samples should be used for color.

PRODUCT SPECIFICATIONS

ADESA | resilient plank

style / I424V

product size	7.2" x 48.03" 18.3 cm x 122 cm
construction	multilayer SPC with attached cork underlayment
total thickness	.217" 5.5 mm
installation	floating, glue down
