SPC RESILIENT
WITH TONGUE+GROOVE

LOCAL RESERVE is a solid polymer composite (SPC) construction with a tongue and groove – providing high appearance retention, easy installation and water-tight moisture control. High-performance construction top to core.

KEY FEATURES /

UNDERBED WARRANTY
without the need for special adhesives.

MADE IN THE USA
provides the highest performance with expedited lead times.

ENHANCED ACOUSTICS
provides superior floor to floor acoustical performance compared to standard LVT.

**APPEARANCE
RETENTION**

A **high density core** that can withstand extreme indentation up to 2,500 psi.

ExoGuard+™ top coat resists scratching, staining and scuffing.

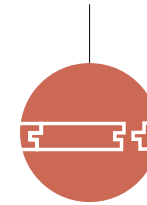

Enhanced cleanability allows for easy removal of stains and spills with pH neutral cleaner.

+

**EASY
INSTALLATION**

Tongue and groove for easy installation with no ledging.

The rigid core construction offers more subfloor forgiveness during installation with **no acclimation time** and **reduced telegraphing**.

+

**MOISTURE
CONTROL**

Water-tight installation protects against top-down liquid and moisture.
